Dear parents,

Week 5 of the school term has arrived and with it another exciting week of learning at Tolland. It is hard to believe we only have 30 school days left in 2014. We have so much left to achieve in the final 7 weeks of the year so please continue to support your child in everything that they do to ensure they are getting the most out of everyday!

Stage 2 Borambola Excursion

Next Friday 14<sup>th</sup> November around 50 excited Stage 2 students will set out on their adventure to the **NSW Department of Sport & Recreation Camp at Borambola**. For many students it will be their first excursion to the Sport and Recreation Centre! The children will be wonderful ambassadors for our community on the excursion and I am sure will bring home some wonderful stories and experiences to share! We will upload photos to our website of the children's adventures.

Student Departures

As always at this time of year we begin to be notified by families who will be relocating to other towns and schools. If you know that your child/children will not be attending Tolland PS next year due to a change in employment or other circumstances, could you please contact me via the office. The school's staffing and funding allocations are based on student numbers and we are hoping to have an idea of what this may look like for 2015.

Student Health Protocol - A Reminder to Parents

We welcome information from parents about your child's health, even if you are not requesting specific support from our school. Our school asks for medical information when you enrol your child. **It is also important that you let us know if your child's health care needs change or if a new health condition develops.** Information about allergies, medical conditions such as asthma and diabetes and other health care related issues (including prior conditions such as medical procedures in the last 12 months) should be provided to the school by parents. Please provide this information in writing to the principal. This will greatly assist our school in planning to support your child's health and wellbeing. **Please also remember to notify staff in the school office of any changes to your contact details or to the contact details of other people nominated as emergency contacts.** We appreciate your assistance in this regard and assure you that any information you provide the school will be stored securely and will only be used or disclosed in order to support your son or daughter's health needs or as otherwise required by law.

ClassMovies Launch

Dr Michelle Bruniges (Secretary, Department of Education and Communities) recently announced the launch of ClassMovies TV. It is the next stage in the ClassMovies project where schools create short videos to showcase best practice in teaching and learning. Mrs Tracey Smith with the support of K-2 staff, made a movie about the Feedback Model we have been using in the K-2 area. It was chosen as one of the exemplar movies and has been included on the ClassMovies website. If you use the link below and paste it in a new browser tab, it will take you to the home page and then click on the tab 'All Videos' and scroll down to Early Action for Success. Our video is called 'Effective Feedback as an Intervention Model'. I hope you might take a moment to watch it. It has been a very successful intervention model we have been using in supporting the learning of the students.

Have a great week.
